Homage to a Half Bottle

The half bottle: the most misunderstood, unappreciated member of the alcohol community. We at TMT want to encourage our patrons to embrace the red-headed step-child of the wine world. At almost 3 glasses per, the half bottle is perfect for one or two consumers. They also represent an incredible value as TMT has one of the smallest mark-ups in all of Atlanta. And unlike glass wine, there is little chance of oxidation or spoilage. So do something different, do yourself a favor, and open a half bottle today.
